## PermaLife SoftStuff™

### SAFEST SURFACE MADE FOR BACKYARD PLAYGROUNDS

You're looking at a ground-breaking way of protecting our most important natural resource. Our Kids! Protecting them from playground bumps and bruises by cushioning their falls with an environmentally friendly safety surface which is a colorful, clean alternative to sand and wood mulch.

**PermaLife SoftStuff** comes from tires that have been granulated, cleaned and recycled especially for backyard playground use, it acts like sand but feels much softer on little knees.

And, unlike other safety surfaces, **PermaLife SoftStuff** holds its vibrant color and lasts for years.

So, for greater safety for your kids, keep it soft with **PermaLife SoftStuff**. To talk to one of our specialist call 1-866-737-6254.

# PermaLife SoftStuff™

## IT ALL STARTS WITH TIRED OLD TIRES

### COLLECTION RECYCLING

*PermaLife SoftStuff* begins as used tires which are collected from tire dealers. About 300 million of these scrap tires are retired in North America each year. Tires collected by *PermaLife* undergo a commercial process which separates the rubber from the metal wire.

### CLEANING COLORING

Once the rubber has been recovered it undergoes an additional process which insures the removal of the remaining impurities. *PermaLife SoftStuff* is then finished in six vibrant colors (special order colors are available), which are non-toxic, non staining, long lasting, and fade resistant.

### LOCAL DELIVERY SERVICE

Delivery of *PermaLife SoftStuff* will be made to your driveway, either in 50 pound bags, or in bulk in easy-to-open super sacks which can contain 1,000 or 2,000 lbs. Smaller orders are sent UPS, while larger orders (over 750 lbs.) are delivered by one of our fleet of specially made "Moflett" trucks, which can deliver the mulch direct to your driveway.

### BACKYARD SAFETY & BEAUTY

*PermaLife SoftStuff* is fast becoming the choice for backyard safety. Use *PermaLife SoftStuff* to replace ordinary sand or wood mulch. It retards weed growth, enhancing the beauty and vibrancy of the playground. Five-year color warranty against total color loss.
